SENATOR NICHOL: Mr. President, members of the Legislature, just a word or two about what is going to happen the rest of the week, I hope. Tomorrow the calendars are out there, the agenda's are out in the hallway and you can have a look at those now. But in addition to what has happened in the way of motions which we have five, Senator Landis wished to take up his motion on the overriding of the Governor's veto today so we will take that up also. Then tomorrow afternoon we have the special deal on the nuclear freeze. The next day in the forenoon we have a special award for Nebraska's Educational TV, which is winning a national award, so that will take up a short time Thursday morning. What I have in mind actually, and you will be interested in this is to not be in session on Friday so that several of the groups that are working on various bills trying to accomplish the same thing can work together on Friday and Saturday and Sunday. They perhaps need even more time than that but it should conserve a lot of time on the floor with attempting to work this out. Senator Haberman has a bill up tomorrow that is going in another direction in another bill, so I think by doing this this coming Friday we will save a lot of time and I have spoken to several of you about it before now. So with that in mind lets look forward to that and of course we will be back in the saddle Monday morning. Unless there are questions, do you have anything, Pat, to read in? Okay.

CLERK: Mr. President, I have an Attorney General's opinion addressed to Senator Beutler regarding LB 371. (See pages 1759-60 of the Legislative Journal).

Mr. President, Senator Landis would move that LB 64 become law notwithstanding the objections of the Governor. That will be laid over.

Senator Warner would like. . . offers a notice regarding the public hearing on LB 632 Thursday evening.

Mr. President, Senator Newell would like to print amendments to LB 213. Senator Hefner to 214. Senator Hoagland to 410 and 410A.

Mr. President, your Committee on Enrollment and Review reports 142 correctly engrossed, 174 correct engrossed, 433 correctly engrossed.

Mr. President, Senator Hefner asked unanimous consent to print a white copy of LB 336 and Senator Warner asked to bracket LB 617 on Final Reading.
